

[Verse 1]

Only you, nobody else will do
Remember that whenever you're sad
Only you, not anybody new
You're still the best friend I've ever had
Remember how I used to say
I couldn't promise you I'd stay
I've always been here anyway
As if I'd met you yesterday

[Refrain]

On my own, I'd get along alright
As long as you don't wander too far
On my own, I can make it through the night
As long as I know right where you are

[Refrain 2]

I love the way you look, it's true
But if you change, that's alright too
No matter what you ever do, there's only me and only you

[Instrumental Break]

[Refrain]

On my own, I get along alright
As long as you don't wander too far
On my own, I can make it through the night
As long as I know right where you are

[Refrain 2]

I love the way you look, it's true
But if you change, that's alright too
No matter what you ever do, there's only me and only you

There's only me and only you
There's only me and only you
